DETAILED ACTION

1. This action is issued in responds to applicant amendment filed 1/18/07.
2. Claims 1-56 were canceled. Claims 57-93 were added.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 57, 72, and 88 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. With respect to the “designating, when at least one” It’s unclear on how the designating step works, and how the system would perform the designation.

Claims 61, 76, and 93 recite “translatable component is one of... any combination thereof in an electronic data stream” it’s unclear to the examiner if only one would satisfy the claim as stated in line 2, how this would be consistent with any combination, which in other words means more than one of them the claim contract it self. Correction is required.

Claims 62, 77 recite the limitation "text segment" in line 1. There is insufficient antecedent basis for this limitation in the claim. Correction is required.

Claims 70, 86, recite, “ a file that is one of the first content containing markup tags and a file linked from the first content. ” There is insufficient antecedent basis for this limitation in the claim. Correction is required.

Response to Arguments

Applicant's arguments with respect to claims 57-93 have been considered but are moot in view of the new ground(s) of rejection.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
